

**M236A SAMPLE CUTTER  
(SDLCU0401T-0001)**

- Cuts out 100 cm<sup>2</sup> of specimen
- Indispensable tool for assisting “weight / area” measurement
- Bearing design enables smooth cutting action
- Enhanced sample contact area to avoid displacement of sample during cutting
- Safety lock to protect operator and properties
- Suitable for various materials, e.g. woven or knitted fabric, paper, plastic film...etc. Including one rubber board (size: 9"x11")

**G204 PORTABLE BALANCE WITH COVER  
(SDLCU1101T-0001)**

- Capacity up to 150g (15000g/m<sup>2</sup>)
- Readability: 0.01g (1g/m)
- Direct reading of g/m or oz/yd<sup>2</sup>
- g ; g/m<sup>2</sup> ; oz ; oz/yd<sup>2</sup> conversion
- Auto shut off
- Tare/Net Weight
- Low battery indication
- Large LCD display(6 digits 15m high)
- Stability indication
- Suitable for both lab & field works
- Power Supply: battery 6xAA or 12VAC @150 mA adapter
- Standard Supplies with the Balance
  - Dust Cover
  - Disk Pan
  - Standard Weight: 100g & 50g (Calibration Certificate at additional costs)
  - Adapter (220V)
